B. Submitting Comments

Please include Docket ID NRC-2018-0138 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment

submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* Request for Information Pursuant to 10 CFR 50.54(f) Regarding Recommendations 2.1, 2.3 and 9.3, of the Near Term Task Force Review of Insights from the Fukushima Dai-ichi event

2. *OMB approval number:* 3150-0211

3. *Type of submission:* Extension

4. *The form number, if applicable:* Not applicable

5. *How often the collection is required or requested:* Once

6. *Who will be required or asked to respond:* 12 power reactor licensees

7. *The estimated number of annual responses:* 4 (12 power reactors will each respond once over the course of the three-year clearance period).

8. *The estimated number of annual respondents:* 4 (12 power reactors will each respond once over the course of the three-year clearance period).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 11,000 hours

10. *Abstract:* Following events at the Fukushima Dai-Ichi nuclear power plant resulting from the March 11, 2011, earthquake and subsequent tsunami, and in response to requirements contained in section 402 of the Consolidated Appropriations Act (Pub. L. 112–074), the NRC requested information from power reactor licensees pursuant to title 10 of the *Code of Federal Regulations* part 50.54(f). The information requested includes seismic risk assessments and seismic high frequency confirmations.

The NRC will use the information provided by licensees to determine if additional regulatory action is necessary. Licensees will have already completed submittals in response to this 50.54(f) request for seismic and flooding walkdown reports, seismic hazard reevaluations, seismic risk assessment, seismic spent fuel pool evaluations, flooding hazard reevaluations, flooding integrated assessments, focused evaluations of local intense precipitation and available physical margin, communications analyses, and initial and final staffing analyses.

Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 6th day of December 2018.

For the Nuclear Regulatory Commission.

David C. Cullison,
NRC Clearance Officer,
Office of the Chief Information Officer.
